PROFILE

Final-year BSc Information Technology (Software Engineering) student with an 86% academic average and hands-on experience delivering web platforms, data-backed workflows, automation and stakeholder handovers. Built solutions using React, Next.js, TypeScript, PHP/MySQL, Supabase, WordPress and AWS services, including a public community platform and privacy-conscious registration workflow. Brings a consulting-oriented mix of technical problem solving, clear communication, responsible AI awareness, tutoring and team leadership. Degree requirements expected complete 10 November 2026; available for EY's September 2027 graduate intake.

TECHNOLOGY AND CONSULTING SKILLS

Development: TypeScript, JavaScript, React, Next.js, Node.js, HTML, CSS, Python, PHP, Java

Data and platforms: PostgreSQL, MySQL, Supabase, Clerk Auth, WordPress, Airtable, Jotform

Cloud and delivery: AWS EC2, S3, IAM and Lambda; Git, Linux, Docker fundamentals, Make.com, Apps Script

Client delivery: Requirements discovery, process mapping, testing, documentation, training, stakeholder communication

EDUCATION

BSc Information Technology (Software Engineering) | Eduvos, Cape Town | Requirements complete 10 Nov 2026

Academic average: 86% | Graduation ceremony expected May 2027 | Relevant study: software architecture, data structures and algorithms, cloud technologies, network security, mobile development, mathematics and AI ethics.

RELEVANT EXPERIENCE

Digital Systems and Web Development Intern | Nature's Valley Trust / KuCoNa | Jun-Aug 2026

- Translated programme and staff needs into a responsive WordPress/Elementor platform spanning three programme hubs, 15+ public pages, registration pathways and a 14-partner directory.
- Designed a privacy-conscious workflow connecting WordPress, Jotform, Make.com and Airtable for registration, logging, attendance support and duplicate prevention.
- Cleaned 1,037 demonstration records while preserving the production schema and integrations; documented the process and verified the final state.
- Created a 47-question bilingual community survey with Apps Script and linked analytics, then produced staff training and technical handover resources.
- Live platform: <https://kucona.org.za>

ITMTA1-B22 Tutor | Eduvos | May 2026-Present

- Lead weekly two-hour Microsoft Teams tutorials, adapt explanations for different levels of understanding and support first-year IT students without replacing their own problem solving.
- Coordinate exam logistics and availability with academic staff and maintain accurate tutoring-hour records.

Freelance AI Data Specialist | Data Annotations AI | Remote | Jan-Nov 2024

- Evaluated AI responses and transformed raw HTML and text into high-quality training annotations under complex, evolving guidelines.
- Documented edge cases and actionable quality feedback while meeting independent quality and throughput expectations.

Seasonal Lift Attendant | Snowshoe Mountain | West Virginia, USA

- Worked 3 Dec 2024-28 Feb 2025 and 4 Dec 2025-1 Mar 2026; contracted to return 3 Dec 2026-1 Mar 2027.
- Managed safety-critical guest operations in high-pressure conditions and earned multiple top-performer recognitions for reliability and service.

SELECTED PROJECTS AND LEADERSHIP

HackJam Innovation Platform | Team Leader | 2025

- Led a team building a React, Next.js and TypeScript platform for idea submission, voting, mentor feedback and gamification; placed 4th university-wide.
- Coordinated user research, prototyping, technical priorities and the final stakeholder pitch. Repository: <https://github.com/jnehohwa/HackJam-Shark-Tank>

KasiSwap Marketplace | Developer | 2026

- Built React/TypeScript and PHP/MySQL flows for listings, authentication-aware actions, orders, messaging, disputes, reviews and administration.
- Produced deployment notes, code evidence and maintainable technical documentation. Demo: <https://kasiswap.free.nf/?i=1>

Innosimm ERP System | Developer | 2025-Present

- Designing a modular Next.js, Supabase and Clerk system to replace fragmented inventory, sales, purchasing and finance processes; currently in development.

Chairperson | Vossie DevClub | 2025-Present

- Lead workshops, mentoring, hackathons and programming outreach; communicate technical ideas to audiences with varied experience.

CERTIFICATIONS AND ACHIEVEMENTS

- AWS Certified Solutions Architect - Associate | <https://www.credly.com/badges/43660ab1-f99a-4bbe-ab14-261dfb57cfd>
- AWS Certified Cloud Practitioner | <https://www.credly.com/badges/61737c5d-678d-4633-80d4-7ea1c5d24b80>
- Golden Key International Honour Society | Top 15% of university cohort, 2025
- IELTS Academic: 8.5 overall / CEFR C2
